Zebrafish Make a Difference: You Can Too!!

"Do you believe you can make a difference in the effort to save lives in the compelling war against cancer?" This might be a hard question to answer. Your response might be, "what can I do?"

I BELIEVE we all make a difference; through our spirit of caring and annual donations! Compassion and money; but what about "saving lives"?

I had the magnificent opportunity to visit the Dana Farber Cancer Institute this April. Part of my tour included an engaging visit with Doctor Zon. He is fighting the war on cancer through his research and work with zebrafish – yes zebrafish! For more about my visit at DFCI and how this little fish is making a difference, click [HERE](#).

Each year when I receive your supportive words (and I do love the notes), along with your donation, I know YOU are making a difference! Please continue to help because together we can truly change our lives.

On a separate, but related note, yes, the economy is tough (believe me I know, having recently been unemployed), BUT the challenge faced by those with cancer is much tougher.

As I prepare for my 11th year, I renew my commitment to you, the [Pan Mass Challenge](#) and the [Dana Farber Institute](#) to continue to strive for the day when the war on cancer is over!

[Join me](#), my friends, and once again support the PMC!
